QUALITY POLICY

Solabia Biotecnológica's Quality Assurance Policy
was established by top management and is based on:

• Manufacture quality products, according to established technical specifications;

• Import and sell raw materials for the cosmetic, pharmaceutical, food and biodiagnosis industries;

• Serve the customer, in order to promote their satisfaction and the fulfillment of their requirements;

• Promote continuous improvement of the Quality Management System by monitoring Quality indicators;

• Comply with applicable laws and other relevant requirements.

QUALITY SOLABIA
